

STEP 1.

Open WinMSS scoring system, and click on **Reporting**.

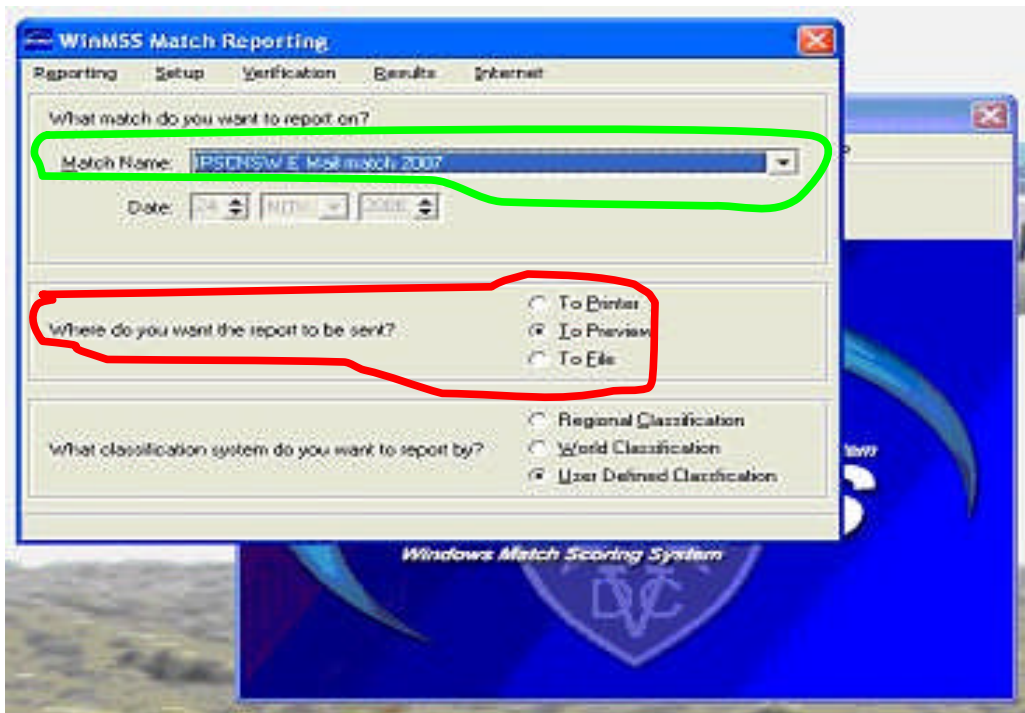

STEP 2.

Once you have the Match Reporting page open you need to first check to see if you have the **right match selected**, this will be the name of the match you are scoring the Classifier stages in.

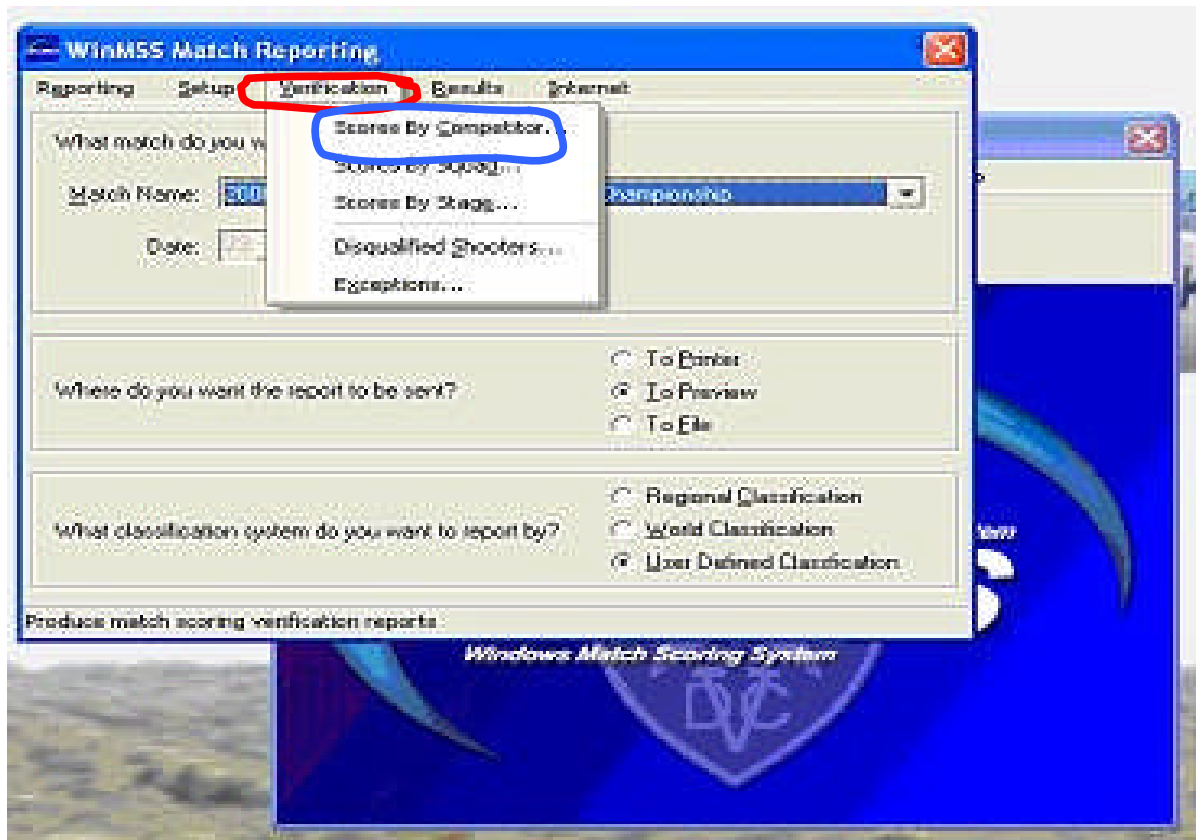

Then you will need to select where you would like the **report sent** you can either send it to your printer, preview it or file it.

For now just select Preview so you can see if you have the right results selected, then once you have checked you can come back and select File to save it for emailing.

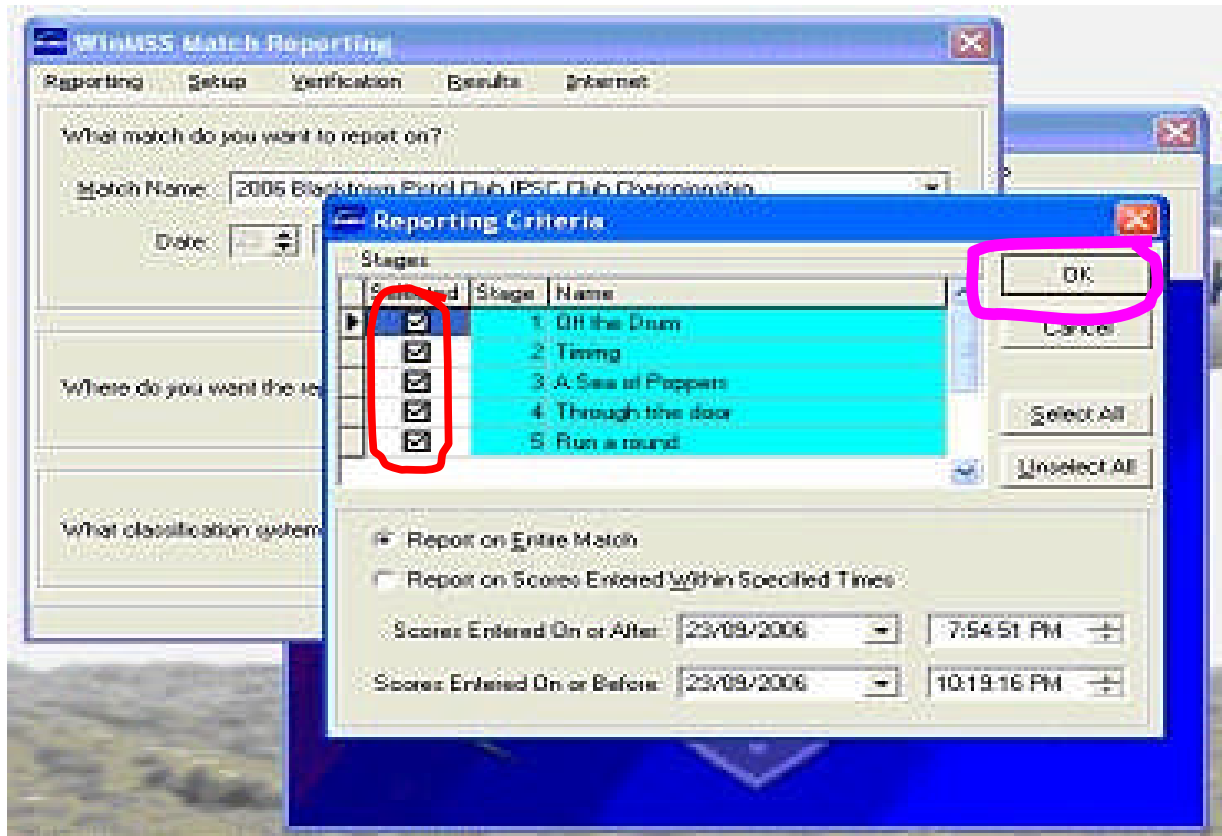

STEP 3.

Once you have the right match selected and where you want the results to go click on **Verification**, and a drop down menu will appear, now select **Scores By Competitor**.

STEP 4.

Now a window should open that has a list of all stages for your match, if you have been using the Classifier stages as part of a larger match now is the time to select just the Classifiers by selecting the **boxes on the left**. Once you have the stages you want click **OK**.

STEP 5.

Now you should end up with a Score Verification By Competitors page that will have the names of your competitors plus all the other information we will need to enter their individual scores into the E mail Match.

So now you can either print out this page and send it to us or you can go back a few steps and instead of Previewing the results you can elect to save the results to a folder as a PDF File, by doing this you can now send the Verification results as a attachment with and email to IPSCNSW for our scoring needs.
