

Club Affiliation with IPSC NSW

Benefits to the club –

- Provides linkage to world championships as required by the NFA for the disciplines the club members can participate in and practice at their range.
- Provides IPSC Insurance to all club IPSC members while participating in IPSC activities, holster training, practice and level 1 and above IPSC matches.
- Allows the club's IPSC members to compete in Open IPSC matches throughout Australia and the world.
- Allows the club to hold both club and open IPSC matches (if facilities available).
- Provides for IPSC NSW assistance to set-up and hold level 2 and above matches – entrant qualifications, online entries system, match officials, range officers, electronic scoring systems, targets and patches.
- Access to training programs for member's holster qualification and match officials.
- IPSC competition requires the use of a holster, stage planning, movement between targets and moving targets, hence a level of training and competition above that required for a firearms licence. IPSC provides a higher level of competition to challenge club members.

How to Affiliate with IPSC NSW

Club's wishing to affiliate with IPSC will need to supply –

- Copy of club constitution.
- Copy of FAR club approval.
- Copy of NSW Fair Trading certificate of incorporation.
- Contact details of Club Executive members.
- Details of Peak Body used primary affiliation (for Firearms Registry club approval).
- Appoint a club member as an IPSC Delegate.
- Sign an agreement with IPSC NSW to follow IPSC policies and rules.
- Pay IPSC Australia Club affiliation fees when application is accepted.

IPSC NSW will perform due diligence on club applications for affiliation to fulfil the requirements of both a NSW Firearms Registry Peak Body and IPSC Australia. Successful applicants for affiliation will receive an IPSC NSW letter to support their affiliation with the Firearms Registry, will be added to the list of Australian affiliate clubs and will receive a Certificate of Affiliation.
