Representative teams comprise 4 team members. Where there are sufficient members that qualify, a team of 3 will be selected. If there is less than 3 members qualify, then a division representative may be sponsored. Sending of teams for division categories will be determined each year by the NSW Executive and committee.

Where sufficient members qualify, teams will be selected in all recognised IPSC divisions, (Open, Standard, Production, Classic, Production Optics, Production Optics Light and Revolver).

Only one Team per division or division category will be sponsored.
