

Vale - Kent Docker

To all NSW IPSC members, it is with great sadness that we must inform you of the passing of a fellow IPSC NSW member Mr Kent Docker.

Kent was a long-standing member of the St Ives Pistol Club, with several terms on the committee of that club as well as the IPSC club delegate for many years.

Kent was an active shooter who travelled away for many a match, often with his offsider John Cooper, known to all as the Kent & Coops show. Kent would often entertain by revealing stories from the IPSC World Shoot in Adelaide in 1990.

Kent was as a larger-than-life character, who always had a smile on his face and welcomed anyone into the sport. This was evident in his work undertaking new shooter training and inductions at the Sydney International Shooting Centre.

Kent was a representative on the IPSC NSW State Shooting Team and achieved the status of Master Grade in standard division.

Kent was also a NROI Range Officer and NSW NROI State Representative, training and mentoring many new range officers, including one James Staader.

Without his determination, contributions and support, our sport would not be where it is today.

Rest in peace, Kent.

Vale Kent Docker.

We will update with funeral details when known.
